## beeEFB DIGEST

Dear alumni,

Welcome to the first of many monthly newsletters which cover both beeEFB highlights, announcement and EFB updates.

Beware - this time we have a bunch of documents which are now out of the beeEFB oven and ready for viewing!

## beeEFB Annual Event

First ever Annual event, designed and led by alumni was held 27-30 January in Tirana. 50+ alumni gathered to connect, hear about 2021 achievements and brainstorm activities and programs planned for 2022. Brief report from the event and draft Action plan 2022 can be seen [here](#).

## beeEFB Platform is up and running Register NOW!

The BeeEFB Platform is the perfect oasis where we can all meet to collaborate and share ideas! Follow the tutorial video and register now, as more and more of us are now on the Platform!

## News from EFB

**BALKANS UNITED FOR CLEAN AIR**

The EFB initiated regional campaign "Balkans United for Clean Air" is taking place for a second year in a row. Its aim is to raise the awareness of the region's citizens about the causes and consequences of pollution, possible ways to improve air quality and the fight for a healthier environment through regional solidarity.

Act now, follow the Balkans United For Clean Air FB Page and support the campaign by sharing the texts, visuals, videos and messages as an alarm for the grave consequences of the pollution to the public health and environment.

Visit the <http://balkanfund.org> for more info.

In case you got ideas, questions, comments - email us at [efbalumni@gmail.com](mailto:efbalumni@gmail.com).

See you on the [BeeEFB Platform](#)

May the hive **Bee** with you
